Ex Parte Quayle

1. This application is in condition for allowance except for the following formal matters:
 - (a) The drawings filed on July 17, 2002 are acceptable subject to correction of the informalities indicated on the attached "Notice of Draftsperson's Patent Drawing Review," PTO-948. In order to avoid abandonment of this application, correction is required in reply to the Office action. The correction will not be held in abeyance.
 - (b) The abstract of the disclosure is objected to because it does not avoid words which can be implied (i.e., "is disclosed"). Correction is required. See MPEP § 608.01(b).
 - (c) Claims 4, 6, 7, 10, 12, 13, 16, and 17, directed to the non-elected species withdrawn from further consideration are not of proper form and contain informalities but are otherwise allowable since these depend upon or otherwise include each of the limitations of an allowed generic claim as required by 37 CFR 1.141. For example, each of claims 12 and 13 depend from cancelled claim 11 and are thus objected to. Appropriate correction is required.
 - (d) Claims 1, 3 through 10, and 12 through 17 are objected to because of the following informalities, for example, the semi-colon (;) immediately following "a radiator" [claim 1, line 6] should be replaced with a comma (,). Appropriate correction is required.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
